

CORN DISEASE CLINIC
PROFESSIONAL SEED RESEARCH, INC.

PSR, Inc. offers a program for seed corn companies to allow quick responses to corn disease problems in the seedfields, breeder nurseries and in customer's fields. We intend to keep you informed of any special disease development as the season progresses as well as be available to advise with specific corn disease situations. An annual membership fee gives unlimited access to the Corn Disease Clinic services.

The Clinic fee will provide

- unlimited disease diagnosis of submitted samples
- quick reply by fax , phone or Email
- advice on protection of seed production fields from the disease
- *Corn Notes* and other written disease concerns during the season
- email notes during the season

A single membership fee saves PSR, Inc. and you from costs of invoicing for diagnosing each sample and gives you the assurance that you always have corn disease expertise available. The disease diagnosis school gives individual attention for each company (unlimited number of attendees) by appointment. The annual fee is \$250 per participating location for a company. Membership is due April 15, 2007 There will be late fee of an additional \$50 for those who join after April 15.

Please telephone if you have questions. Submit the following membership application to join the Corn Disease Clinic or use form from www.psrcorn.com
